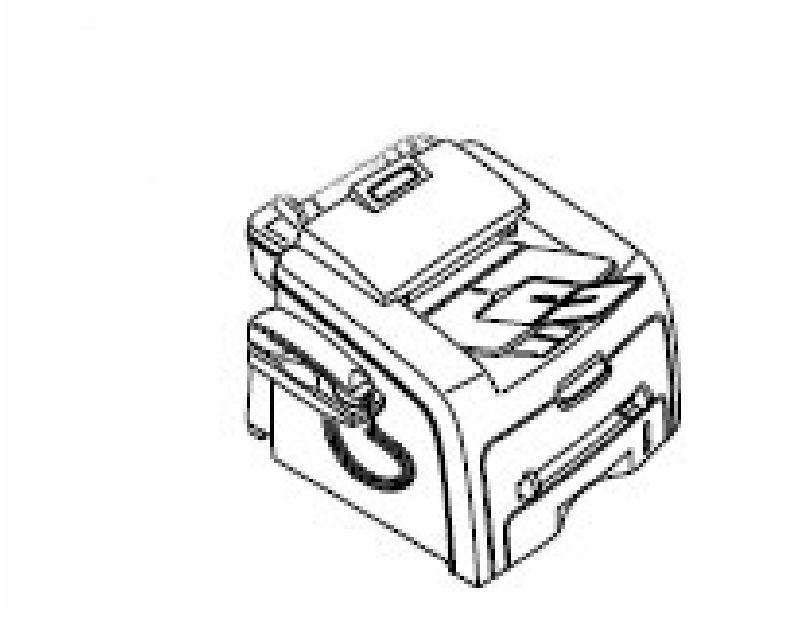
MURATEC Fax

F-112P

COMPLETE Desktop Workstation

The F-112P delivers exceptional fax, print, copy and scan performance.



Key Specifications:

- High-speed 33.6 Kbps fax modem
- 100 location autodialing
- 250-sheet paper capacity
- 30-sheet automatic document feeder
- 96-hour battery back-up
- 17 page-per-minute digital output
- Secure fax reception
- Convenient broadcasting, polling and group dialing
- Standard USB & parallel connections enable local PC printing

Facsimile Manufacturer of the Year 2005 THE CANNATA REPORT

muratec

Features & Benefits

Powerful fax performance
- The Super G3 33.6 Kbps fax modem enables a 3-second-per-page transmission speed.

Flexible paper capacity
- The front-loading paper cassette can handle an impressive 250-sheets of letter-size paper.

Automatic document feeder
- A 30-sheet automatic document feeder combines with a single- sheet multipurpose tray to support a variety of document sizes.

Autodialer
- Work fast with 80 speed dial locations and 20 one-touch dials.
- Users that frequently receive the same documents can be grouped together to increase efficiency.
- Manage and load fax numbers from your PC by utilizing the Remote Manager utility.

Advanced fax functionality
- Broadcast a single fax to multiple locations.
- Forward inbound faxes to another location, such as a hotel fax number when you're out of the office!
- Security reception allows you to suppress fax receptions until a password has been entered.
- Polling allows you to scan a document into machine memory for retrieval by a remote machine.
- Delayed transmission allows you to send documents during off-peak hours to take advantage of lower connection rates.
- Transmission Confirmation Report (TCR) provides details of each transmission such as job status and number of pages sent. This report can be set to print after each job or only after failed transmissions.
- Quickly print out the autodialer directory and post it for quick reference.

Document memory back-up
- In the event of a power interruption the F-112P will continue to store fax data for up to 96 hours.

***EasyChange*℠ Consumables**
- The toner cartridge is accessible from the front panel and can be changed in seconds.

Intuitive operation
- The two-line backlit LCD enables seamless function programming and job set-up.

Efficiency expert
- The F-112P is **Energy Star®** compliant and offers functions such as toner save mode which can reduce toner consumption by up to 40%.

PC connectivity
- Standard USB and parallel interfaces enable a high-speed local PC connection.
- Efficiently produce short run print jobs from your desktop.
- Supports electronic sorting to quickly separate print jobs into sets.
- Includes a TWAIN scanning driver that pulls documents from the F-112P into any TWAIN-compliant application.

Convenience copier
- Make a quick copy (or two) from your desktop utilizing the F-112P.
- Reduce or enlarge images 50-150% of the original document size.
- Supports legal-to-legal copying.

Illuminating style
- The small footprint (14.3" x 12.1" x 15.7") allows the F-112P to fit into the smallest workspaces, while the attractive two-tone design brightens up any desktop.

Specifications – F-112P

Classification	Mid-Volume PPF
Coding System	MH/MR/MMR
Modem Speed	33.6 Kbps
TX Speed	3 spp
Print Speed (PPM)	17 ppm
Scan Speed	6 spp
Paper Capacity	250 sheets
